

# Part-Time Student Agreement

1. I understand that students are required to carry 12 or more semester hours while residing in the residence halls.
2. I understand that, though my class load is below the 12 semester hours required to live on campus, an exception has been made and I will be expected to continue my study habits as if I were carrying a heavier load so that I will not be a distraction to those living around me.
3. I understand that if I fail to cooperate with Residence Life in maintaining an environment where my peers can study, then I may be asked to move off campus with no refund of room rent.
4. I have read and understood the above statements and I agree to abide by them.
5. I fully understand that dropping below 12 hours may impact my financial aid/scholarships and I have been advised to meet with the Office of Financial Aid.
